

OEL#832/63

19 April 1963

MEMORANDUM FOR: The Comptroller

THROUGH: Deputy Director (Research)

**SUBJECT: Office of ELINT Preliminary Estimate for
FY 1963 and Long Range Budget Projections
through FY 1968**

1. Attached are original and two copies of subject material as requested in your budget call of 21 March 1963.

2. In addition to ascertaining requirements of the Office of ELINT, this office is charged with preparing, justifying, and managing the Agency ELINT program, funding of which appears, as appropriate, in the National Reconnaissance Program or individual DD/P division budgets:
i. e., [redacted]

3. In addition to responsibilities delegated by NSCIDs 1, 3 and 6, the Action Memorandum A-161 from the Executive Director calling for an all-out intelligence collection effort against Communist China, increasing pressure from AD/OSI to produce a facility for the production of telemetry analogs for his expanding analysis effort, and current recognition of the greatly expanded program in the Office of Special Activities relative to the NRP, create the need to expand the staffing requirements from [redacted] and funding requirements from [redacted] in fiscal year 1964 to [redacted] in fiscal year 1965.

4. It is anticipated that the existing ELINT activities reflected in the various DD/P division budgets will continue at the present operating level with the exception of the following recommended increases:
